Honorable William J. Casey
Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Mr. Casey:

Last November an Office of Workers' Compensation Programs (OWCP) Interagency Task Force completed a response to the Report of the President's Council on Integrity and Efficiency. Subsequently we have distributed the report of that effort to Heads of All Agencies and to Designated Agency Safety and Health Officials. In addition, we have met with staff from the Office of Personnel Management to facilitate implementation of the training recommendations.

Prior to the inception of the Task Force effort, OWCP held quarterly interagency meetings to apprise employing agencies of developments in Federal employee compensation regulations, policies, procedures and training. At the last Task Force meeting we indicated we would resume that practice in the new year.

Since we last met a number of developments have occurred that now warrant our asking your participation in a meeting in late April. Among them, OWCP is entering into an agreement with the Occupational Safety and Health Administration concerning the use of Federal injury related data from the FEC's Level II ADP system. This agreement is of significant importance to both the Compensation Program and the Safety and Health effort of all Federal agencies.

We believe it is important for your agency to be represented at this and subsequent meetings. If you cannot attend, please designate someone to substitute for you. We will mail information on April 16 so that you may be prepared to participate in a dialogue following the presentations. To facilitate this mailing and allow us to assure adequate space, we would appreciate your calling Anne Avery, (523-8454) by April 13 with the names of those persons who will be attending.
